

POL-MFZ1

DIMENSIONS

Weight: 1 lb / 0.45 kg

DESCRIPTION

The POLAR MITTEN Camera Case, designed for the Mini-DV camera, is a smaller version of our popular Polar Bear Case. It keeps your camcorder warm in cold temperatures. It is thickly padded with a high loft insulation material. Air-activated warmers placed inside the case help battle the cold, keeping battery, recorder, lens and hands warm. (Tested at -50 degrees Fahrenheit). Use it hand-held or on the tripod. The insulated lens cap protects the lens in transport; it also prevents condensation from forming when bringing POLAR MITTEN in from the cold. Polar Mitten supplied with 4 heat packs.(order PHP-2 or PHP-1 for extra heat packs). Check out the instructional video. <http://www.portabrace.com/uploads/POL-MFZ1.swf>

EQUIPMENT COVERED

- Sony HVR-Z1U
- Sony HDR-FX1
